UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF TEXAS
SAN ANTONIO DIVISION

AFFIDAVIT IN SUPPORT OF A CRIMINAL COMPLAINT

I, Detective David Neal, sworn, depose and say:

I am currently employed as a Task Force Officer with the United States Drug Enforcement Administration (DEA) who is empowered by law to conduct investigations of and to make arrests for offenses enumerated in Title 21, United States Code (U.S.C.). I am currently assigned to the San Antonio District Office in San Antonio, Texas. During the course of my employment I have been personally involved in numerous drug trafficking and money laundering investigations. I have special training in the investigation of drug trafficking organizations, specifically, communication exploitation, and drug trafficking patterns and techniques.

In March of 2020, DEA investigators and detectives with the San Antonio Police Department (SAPD) received information from a SAPD Confidential Source (CS) regarding the drug distributing activities of Michael ALMENDAREZ in San Antonio, TX. Investigators with the SAPD narcotics unit were familiar with ALMENDAREZ through previous investigations and suspected ALMENDAREZ of distributing kilogram quantities of methamphetamine throughout the San Antonio, TX, area. ALMEDAREZ was known to have two active state felony warrants for narcotics possession.

In June 2020, I received information from the CS that ALMENDAREZ received cloth material in a shipment from Mexico that was laced with methamphetamine which needed to be extracted. According to the CS, ALMENDAREZ attempted to extract the methamphetamine himself without success and was reaching out to others for assistance in extracting the methamphetamine.

On July 7, 2020, I received information from the CS that ALMENDAREZ was at a hotel room at the Fairfield Inn and Suites located at 80 Trailcrest St., San Antonio, TX. According to CS an individual, later identified as Blake OGG rented room 214 at the Fairfield Inn and Suites. CS advised me that ALMENDAREZ would be utilizing the room to extract the methamphetamine. SAPD Narcotics detectives were contacted with the information and SAPD Narcotics detectives established surveillance at the location. Once at the location surveillance observed OGG meet with ALMENDAREZ in the parking lot of the location with a third male, later identified as Luis RAMOS. Surveillance observed ALMENDAREZ enter the hotel while OGG departed the location. OGG returned to the location a short time later and waited outside the hotel. RAMOS waited in the vehicle while ALMENDAREZ was inside.

After approximately two hours ALMENDAREZ exited the hotel carrying a Coca Cola box (12 pack). SAPD Narcotics detectives apprehended ALMENDAREZ in the parking lot of the location as he put the Coca Cola box inside the vehicle. RAMOS was detained as well. ALMENDAREZ was found to have a loaded Smith and Wesson

semiautomatic handgun in his waistband. RAMOS was also found to be in possession of a semiautomatic handgun. Detectives searched the vehicle and found a ceramic container still warm to the touch containing a crystalline substance suspected to be methamphetamine inside the Coca Cola box. Two additional baggies of suspected methamphetamine were found on ALMENDAREZ' person. ALMEDAREZ advised a detective the methamphetamine was his and he just obtained the methamphetamine. The suspected methamphetamine had an approximate field weight of 510 grams and field tested positive for methamphetamine. ALMENDAREZ was arrested and booked into the Bexar County Jail for the two active felony warrants, Possession With Intent to Distribute a Controlled Substance over 400 grams, and Felon in Possession of a Firearm. RAMOS was arrested for Possession With Intent to Distribute a Controlled Substance over 400 grams and Unlawful Carry a Firearm. Management deactivated the electronic lock on the door so no one could enter the room.

On July 8, 2020, DEA Agents and investigators contacted management at the Fairfield Inn and Suites located at 80 Trailcrest St, San Antonio, TX. The manager at the location advised me that no one had entered or exited the room since the arrest of ALMENDAREZ and RAMOS last night. The manager at the location stated it was policy to investigate any hazardous complaints and that room 214 would need to be inspected. The manager at the location knocked on the door to 214. Receiving no response, the manager opened the door. Upon opening the door, myself and agents could plainly view numerous 5 gallon buckets which were taped shut with blue tape, as well as other precursors and containers full of a clear liquid on the countertop which are consistent with the manufacturing or conversion of methamphetamine. Bowls, tubing, and what appeared to be finished methamphetamine were observed throughout the room and bathroom. A protective sweep was conducted for the safety of the agents and investigators and the room was found to be unoccupied. The room was secured by agents while I obtained a search warrant.

On July 8, 2020, I applied for and was granted state search warrant #CM074100 for room 214 at 80 Trailcrest St, San Antonio, TX. Investigators with the DEA Clandestine Laboratory group arrived at the location to remove the chemicals and other materials used to manufacture or extract methamphetamine. During the operation, OGG and his girlfriend (GILCREASE) were observed inside the hotel. DEA Agents recognized OGG and he was detained along with GILCREASE. OGG was read the Miranda Rights and OGG acknowledged he understood his rights. OGG voluntarily waived his rights and agreed to speak with investigators. OGG advised agents he met someone in jail last year named "Tom" (later identified as Thomas MCDAVID). According to OGG, he recently reconnected with MCDAVID and MCDAVID offered OGG \$400.00 in exchange for OGG renting a hotel room under OGG's name. OGG advised investigators that he rented room 214 at the Fairfield Inn and Suites at approximately 3:00 PM, but he only received \$100.00 from MCDAVID.. OGG helped MCDAVID and another dark complexed male (FNU/LNU) take large black containers from a white F250 up to room 214. OGG stated he never observed the contents of the containers.

OGG advised agents that later in the evening on July 7 2020, two "Mexican" males

showed up to the room. OGG stated the males looked like "Cartel dudes". OGG knew one of the males only as "Mike" (ALMENDAREZ). The second male told OGG he was ALMENDAREZ' brother in law. These individuals were later identified as ALMENDAREZ and RAMOS. ALMENDAREZ told OGG and GILCREASE to leave the room. OGG and GILCREASE left and went to Walmart for approximately two hours. OGG stated when he returned he observed ALMENDAREZ and RAMOS in police custody. OGG advised investigators he and GILCREASE did not re-enter the hotel room. GILCREASE spoke with agents independently and described MCDAVID and a FNU LNU.

Investigators contacted a hotel employee who stated that she checked OGG into room 214 yesterday, July 7, 2020, at approximately 2:27 PM. The employee accurately described MCDAVID, FNU/LNU, and OGG and observed them remove black containers from a white F250 and take the containers upstairs. DEA agents showed the employee a photo of MCDAVID and questioned if the employee recognized the male. The employee stated the photo looked like the heavyset male who was assisting FNU/LNU and OGG move the large black boxes into room 214.

OGG gave verbal and written consent to investigators to access and download the contents of his phone. DEA agents took possession of the cellular phone and downloaded the contents of the phone. Within the contents of the phone were text messages between MCDAVID and OGG regarding narcotics transactions and provided phone number (210)777-9400 for MCDAVID. Investigators corroborated the same number as that of MCDAVID.

During the search of the room, DEA Clandestine Laboratory investigators seized numerous items to include: chemicals, precursors, and equipment used to manufacture or extract methamphetamine. Agents recovered a large quantity of suspected liquid methamphetamine and a white powdery substance from room 214 that field tested positive for methamphetamine. Agents recovered a paper Temporary Texas Driver's License belonging to MCDAVID which included a picture of MCDAVID.

Affiant further sayeth not.

DAVID NEAL, Task Force Officer, DEA
